Help Eliminate F.O.G.

F.O.G. = Fats, Oils, and Grease that get into the Town sewer system.

Properly discard fats, oils and grease.

In an effort to protect pipes and keep costs low:

- Don't put oil, grease or food scraps down the drain. Instead, place them into trash bins or covered collection containers.

- Don't run hot water over greasy dishes, pans or fryers. Wipe the grease off with a paper towel before washing dishes by hand or in the dishwasher.
- Don't rely on a garbage disposal. Instead, use a strainer in the sink to collect excess food particles.
- Don't use chemicals to remove grease clogs; they can damage the piping system .

Mayor: Rick Cross

Town Manager: Andrew Meadwell
